

Important Message for PayPams Families:

To improve the level of service we provide, Sylacauga City Schools is changing to a new software provider for online meal payments. This new service is called MySchoolBucks and is used by many school systems around Alabama and the nation. MySchoolBucks offers many of the features you are familiar with, such as low balance alerts, set up automatic payments, and set daily / weekly spending limits from a mobile app. The technology for MySchoolBucks will allow quicker transfer of payments into student accounts, thereby offering a higher quality of service for our families!

Sylacauga City Schools will discontinue the use of PayPams for student meal accounts on Friday, April 30. Prior to that date, please log in to your PayPams account and deactivate the meal account features. To ensure the accurate transfer of student account balances, it is necessary to make this change while school is still in session so that balances can be verified. There will be no online payment service for school meals available during May.

PayPams will continue to be used for the remainder of the school year to process student fees, and will be completely deactivated June 1.

Stay tuned to our district Facebook page for information on when MySchoolBucks is open and ready for you to register your account.

If you have any questions, please call Kelley Wassermann, CNP Director, at 256-249-7025 or email kelley.wassermann@scsboe.org.

We look forward to serving your kids through MySchoolBucks!
